

# Update Dissemination Plan

Hybrid Multistakeholder  
Workshop, Prague – 23 June 2020  
Sylvie Maiella

*This presentation is part of the project 826607 RD-CODE which has received funding from the European Union's Health Programme (2014-2020).*

*The content of presentation represents the views of the author only and is his/her sole responsibility; it can not be considered to reflect the views of the European Commission and/or the Consumers, Health, Agriculture and Food Executive Agency or any other body of the European Union. The European Commission and the Agency do not accept any responsibility for use that may be made of the information it contains.*

## Project results

- ✓ Are made available **to support and harmonise the implementation of ORPHAcodes into national routine coding systems**
- ✓ Relevant on the scope of other **cross border healthcare projects.**

## Target Audience

- ✓ National and local competent authorities
- ✓ EU decision-makers
- ✓ ERNs
- ✓ Patients, families and their representatives
- ✓ Health professionals
- ✓ Policy Groups

# Dissemination of information on the project and results

> **www.rd-code.eu** website:

★ **onestop shop** about

- > the **Orphanet nomenclature** including general information,
- > links to ALL documents of interest
- > contact point/helpdesk for the end-users,
- > news, leaflets and general information

> **ECRD 2020 and national conferences. Next ESHG 2021 . Next Paper publication**

> **Multi-stakeholders workshops, next: March 2021 Valencia**

> **At national level: dissemination to National Authorities**

★ <http://rd-code.eu>  
> **OrphaNews**: regular article updates

# Strenght of dissemination activities

The Nomenclature pack was downloaded more than 1,400 times from the orphadata website

Number of sessions [1,349] and page views [5,038] on the [www.rd-code](http://www.rd-code.eu) website relatively high

# ...and weaknesses

> the documents downloads from the website is low.....

.....This may indicate that the knowledge on this documents and/or their scope is not known enough

**...What can we do to increase awareness on project results?**  
**... What are the strategies to approach National authorities in place at National level?**

- Disseminate more widely the link to the project website, in particular to the registries of the RD-CONNECT Catalogue and Orphanet catalogue.
- Disseminate project results to the Board of Member States as well as the eHealthNetwork MS representative.
- Disseminate through the Orphanet Management Board to the national competent authority and national registries.

RD-CODE dissemination

**THANK YOU!**
